

Using Payroll Software Download for submitting contributions

Irish Life Corporate Business

We have worked with a number of life companies and payroll providers to develop an industry standard payroll download facility for pension contributions.

Downloading contributions from your payroll system and submitting them to us electronically has proven to be the approach that is most efficient and least prone to error and delay, for both you and us.

We are able to facilitate payroll download files from the following providers:

- Sage
- Intelligo
- Collsoft
- Core Computers
- Northgate HR
- Jefferson
- Thesaurus
- Keysolve
- Pascal
- Herbst
- Ardbrook
- Summit/Quantum/Big Red Book

By using payroll software download you can download pension contribution details and send them electronically to us. This file can then be uploaded directly to our business systems. It is a seamless process with no manual intervention. Our experience is that our clients have found this to be an excellent benefit.

You are required by law (the Pensions Act 1990) to remit contributions to the scheme within 21 days of the end of the month in which they were deducted. We want to be proactive in helping our customers to meet their legal obligation to remit their contributions on time.

If you use any of these payroll packages, and you would like to use the payroll download facility, contact Liam Cullen on 01-8563095 or Fergal Daly on 01-7041069.
