The Consensus Cautious Fund is a managed fund, where 65% of the assets are invested in the Consensus Fund and 35% track the performance of shorter term eurozone government gilts.

## Objective

- The aim of the consensus portion is to provide access to the performance of the Consensus Fund while offering a greater risk level.
- The aim of including European Bonds is to track the performance of shorter term government bonds.

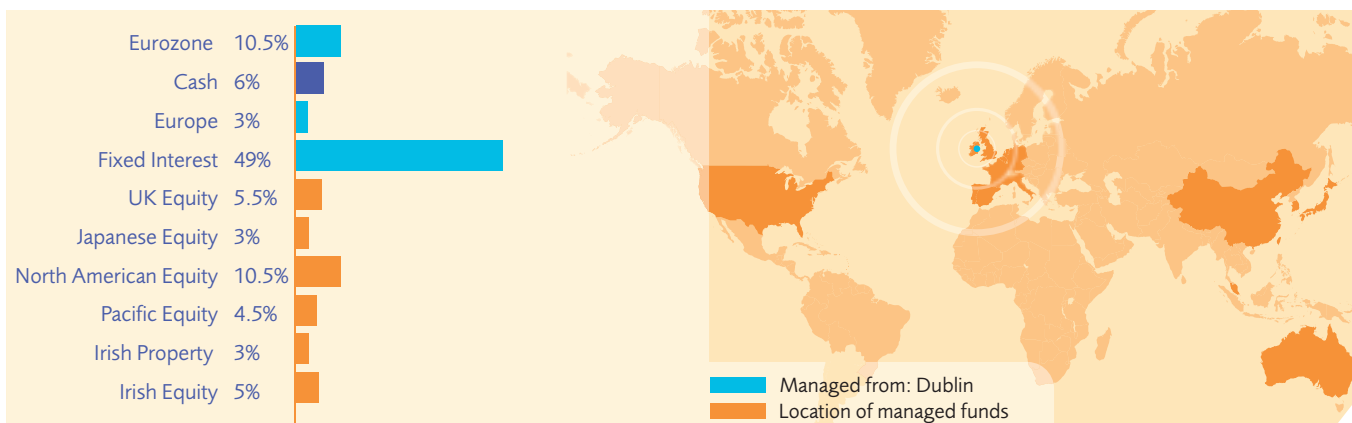

## Operation

- 65% of the consensus cautious management aims to consistently perform in line with the average pension managed fund.

## Suitability

- This is suitable for customers who are interested in a reduced element of risk.
